

# Colibri® Essentials

■ ColorMatch ■ ColorQuality ■ ColorTint

## 10 reasons that will determine your choice:

- 1 Perfect recipe calculation of colour and opacity
- 2 Minimizing pigment loading for opaque samples
- 3 Optimizing pigment combination according to customer requirements
- 4 Efficient replacement of base materials and pigments
- 5 User-defined configuration of workflow and settings
- 6 Unequaled 16-Flux algorithm, even for special effect pigments
- 7 Future oriented software architecture based on Microsoft® products
- 8 Flexible options for connection to ERP-systems, dispensers etc.
- 9 Individual product building thanks to modular structure
- 10 Customer oriented support and software development

your connection  
to the world of color.

10 Companies of world-wide reputation

which already have made their choice!
